2026 Business Directory

For the Maine Plumbing, Heating & Cooling Industry

131st Annual EXPO Edition

NEW: Colored Ads

We hope your marketing plans this year include our directory, which reaches over a thousand Maine companies and individuals in the Plumbing- heating-cooling industry.

The directory itself is a desktop reference for industry members because it's an up-to-date listing of names, addresses, key personnel, telephone and fax numbers of all our members and associate members. Several contractors request multiple copies to include in all their vehicles.

In addition, the directory provides information on a wealth of subjects, including:

- Buyers Guide
- Equipment Dealers
- Wholesalers
- Inspector Directory
- Fuel Board Members
- Useful Charts and Graphs
- Multi-Year Calendar
- Key State Officials
- Plumbers Examining Board Members
- And much more....

**MULTIPLE COPIES

REQUESTED BY
CONTRACTORS
THROUGHOUT
THE YEAR!**

There is no better way to invest your advertising money. Advertise your products directly to the people who use them, and utilize the Directory all year long. Thank you for your participation.
